Show your pet some love this month!!! Get \$40 off spay/ neuter!

February is a time to show love and appreciation to all who are special in our lives. What better way to show love for our very special pets than to help them stay as healthy as can be. We would like to take this time to discuss pet spay/ neuter and pet oral care. Please take time to read on and call us here, at Dunkin Vet: (708) 652-0272 with questions or to make an appointment. Please click on any pictures on this page to visit our specials page for this month.

save lives

spay & neuter

One female, if not spayed, can lead to up to almost half million cats in only 7 years! One unaltered female dog can equal to 67,000 in only 6 years. Many of these adorable pets never find a home. An estimated 3 – 8 million pets are euthanized each year because there is nobody to adopt them. Spaying/ neutering your pet can prevent pet overpopulation and assure that each pet has a deserving and loving home. [Click here](#) to learn about many more benefits of spaying or neutering.

February is Pet Dental Month

## Did You Know?

- Three out of four pets show signs of oral disease by the age of 3?
- Dental disease is not limited to the mouth; the infection can spread to the heart, liver or kidney.
- Poor oral health is a silent killer of dogs.
- Bad breath isn't normal. It's a sign of oral disease in pets.

**Don't let poor dental health hurt your Irresistible Pet. It requires YOU to be responsible and proactive NOW to prevent problems down the road.**

**A simple oral health check-up can prevent many complications in the future so call to make an appointment today and take the first step to a brighter and healthier smile for your pet. Call (708) 652-0272**
